Hovhan Khoja-Eynatyan will celebrate a morning service, and V. Rev. Fr. Simeon Odabashian will offer remarks on behalf of Bishop Daniel Findikyan. The workshops will run an hour long each, with breaks throughout the day. In the evening, Rev. Fr. Hovnan Demerjian will be officiating a Healing Service. *Healing is a recurring theme throughout the Bible and a pillar of Jesus' ministry. It has been a part of Armenian Christian spirituality for centuries, exalted in the Armenian Church's hymns and prayers and experienced in the historical passage of our people through affliction and martyrdom. Like those earliest followers of our Lord, today's Armenian Christians draw near to Christ to receive his healing in body, mind, and spirit.*
