Dear Friend,

The Foundation for Armenian Science and Technology (FAST) and St. Vartan Armenian Cathedral invite you to the **Advance Armenia New York** meet and greet event at **6:30 pm** on **June 29, 2023**, at the **Plaza of St. Vartan Armenian Cathedral** in **New York**.

Since 2017, FAST has envisioned **Armenia's transformation into a science-driven innovative country** by focusing on education, research, and commercialization of science. Discover more about FAST's programs and plans, propelling towards its vision on June 29.

Come and be part of the vibrant community with a common goal of driving progress and advancement in Armenia. Network with fellow change-makers, exchange ideas and explore collaborative opportunities that can shape a brighter future for our country.

This event's participation is complimentary by extended invitation only. We kindly request your **RSVP** by **June 7** to secure your place by responding to **ny@fast.foundation**.

We look forward to welcoming you as we come together to unlock Armenia's potential and foster a culture of innovation.
